Indiana Entertainment Foundation, a nonprofit dedicated to preserving the history of Indiana music, film, and broadcasting, announces the launch of Indiana Musicpedia, which will ultimately document all aspects of Indiana music history.

Every musical artist will be listed with available information, including location, genre, time period, band members, recording releases, related artists, and other key information. Additionally, record labels, record stores, musical instrument shops, venues, promoters, recording studios, producers and other music related businesses and individuals will be listed.

Indiana Music Collection

IEF is building the largest collection of Indiana records, tapes, compact discs, and memorabilia anywhere. We aim to get at least one copy of every physical release.

We have several thousand records and CD's, hundreds of cassette tapes, and many posters and fliers. This of course is far from complete, so if you have anything that you would like to donate, please let us know. Donations are fully tax-deductible, and you will be provided with appropriate tax receipts.
